[Greeting],

Last week, we shared about how anyone and everyone can benefit from coaching through our wellbeing platform, Intellect. This week, we'd like to highlight a feature you might find useful as well: Intellect's Wellbeing Check-Ins.

Build a Habit to Check-in on Your Wellbeing

We all know it's important to have regular check-ups with a doctor for our physical health. But what about our mental wellbeing? Staying attuned to your emotions can help boost resilience, reduce stress, and align your efforts on things that bring you joy.

Use Intellect's wellbeing check-ins to keep stock of your mood and stress levels over time. Try making these regular wellbeing check-ins a part of your daily self-care routine to reap the full benefits!

Still haven't tried Intellect? It's easy to get started.
