

Mastering the Art of Collaboration & Teamwork

“Teamwork” and “collaboration” are common terms we all hear in the work context - and for good reason as they are cornerstones of a healthy and productive working environment.

Successful teamwork doesn't happen without effort. You may be a leader, manager, or an employee - everyone plays a part.

In this session, you will learn the fundamentals of effective teamwork, how to identify the challenges of collaborating within your team, and strategies to overcome those challenges in a positive and effective manner.

Learning Objectives

- Teamwork and collaboration - what's the difference?
- Understanding the fundamentals
- Application: Fostering the skills needed for effective collaboration
